

If You Take My Heart

Words and Music by Carl Hammond

If you take my heart,
If you keep it close to you,
It will come to life
and will blossom like a rose.

Could you take my hand?
Could you hold it tight in yours?
You might feel its warmth
Awaken that gentle glow
within your soul.

Please don't take my heart
If you feel you can't offer yours to me.
Please don't take my hand
if just to lead me to a maze of mystery.

Won't you take my love?
Won't you let it blend with yours?
On its wings we will rise,
We will fly, we will soar
in a chorus of angels
As we learn from each other
how to treasure a rare and precious love.
